ACHIEVEMENTS

80% PSP (Problem Solving) in Scaler

2 Star at LeetCode

1 star at CodeChef

Open Source contributor

Solve 500+ DSA Problems

SKILLS

PROGRAMMING

Proficient:

- Data Structure and Algorithms
- HTML • CSS • Javascript • React
- ES6 • MYSQL

Familiar:

- MERN • Java • C# • ASP.net • Firebase
- EJS • JSON • BizTalk Server • SSMS
- MVC

Other:

- Competitive Coding

LANGUAGES

Proficient:

- Hindi • English

HOBBY

- Guitar Playing • Listening Song
- Novel Reading

WORK EXPERIENCE

CODING NINJAS | REACT TA(TEACHING ASSISTANT) INTERN

March 2023 – May 2023 | Remote

- Solve over 70+ Students Doubts.
- Taking Doubt sessions and debugging codes
- Helping students in their assignments and various projects .

OMNIE SOLUTIONS INDIA PVT. LTD. | TRAINEE SOFTWARE DEVELOPER

Aug 2021 – Dec 2022 | Noida

- Worked as a BizTalk Developer in developing application using Microsoft BizTalk Server artifacts such as Orchestrations, Maps, Pipelines, Schemas, and Adapters.
- Creating BRE(Business Rule Engine) tailored to client specifications and bug fixing and conducting root cause analysis.

PROJECTS

KANBAN BOARD APP | HTML, CSS, JS | (GITHUB)

Jun 2023 – Jun 2023

Developed a Kanban project using HTML, CSS, and JavaScript, incorporating various functionalities such as **adding tasks** with priority, **editing** and **deleting** tasks, changing **task priority** after completion, and **filtering tasks** based on priority color.

Implemented **local storage** to ensure task persistence even after page refresh.

WEATHER APP | HTML, CSS, JS | (LINK)

Jun 2023 – Jun 2023

A Weather App designed using **HTML**, **CSS**, and **JS**, providing real-time data using **Weather Api** and user-friendly interface for easy navigation.

MOVIE APP | REACT, REDUX, OMDB API | (GITHUB)

Apr 2023 – Apr 2023

Developed a Movie Application using **React-Redux**, incorporating a pre-defined movie data file. Implemented Redux **store**, **actions**, and **reducers** for efficient state management and reusable code across components. Integrated **OMDB API** for movie search and addition to the application's movie list. Created React **Pure Components** for enhanced performance. Demonstrated strong skills in React, Redux, API integration, and code organization.

INCHAT APP | REACT, API | (GITHUB)

Feb 2023 – May 2023

A **React**-based Social Networking App leveraging **Coding Ninjas' API** for user **registration**, login/logout functionalities, along with features like adding friends, creating posts, commenting, and user search capabilities. The app offers a seamless user experience for connecting and interacting with others on the platform.

CERTIFICATIONS

- Front End | Full Stack Web Development (**Coding Ninjas**)
- Back End | Full Stack Web Development in Node.js (**Coding Ninjas**)
- Advance Front-End Web Development with React-Full Stack (**Coding Ninjas**)
- Python Certification (**Coursera**)
- Python Certification (**SOLO Learn**)
